How to connect Kindle Fire HD to IU Secure

1. Turn on and unlock the Kindle Fire HD.

2. Swipe down from the top of the screen and tap Wireless.

4. Tap on IU Secure under Wi-Fi.

5. In the pop-up box, type in your IU username in the Identity box. This is the same as the one you use to login OnCourse or OneStart.

6. Scroll down until you see the Password box, then type in your IU password. This is the same as the one you use to login OnCourse or OneStart.

6. Tap on the Hide the Password box to put a check mark in the box.

7. Tap on Connect button.

You are now connected to IU Secure!
